Other County Business
Vickie Noel asked Commissioners if they had given any more thought to distributing Tourism Grant carryover funds to entities suffering from decreased TRT revenues. They stated that the other entities will be eligible to apply for the funds through the grant process. Commissioner Morris suggested, and the other Commissioners agreed, to postpone the shoulder season proposed by the grant committee and instead have a COVID relief grant cycle. Commissioner Morris will draft language for this particular grant cycle and will communicate this to Kate Marquez. Discussion regarding decreased funding for our regular grant cycles was also contemplated as something that will likely happen in Fall 2020.
