None.

14. Commissioner Reports

Commissioner Boyd - He has been working on the South Suburban Sanitation District applications. Tonight is the hearing for application one, last week was for application two. The Board spent time on labor negotiations last week. He spent yesterday trying to stay cool.

Commissioner DeGroot - The Board worked on labor contracts and that work is going well. Tonight is the South Suburban Sanitation District hearing. He gave kudos to the Planning Department and IT staff for putting on a successful hearing at the Fairgrounds last week. He looks forward to the other hearing tonight. He asked folks to continue to send in their comments, the record will be left open for 3 weeks and folks should contact the Planning Department for more information as there are three 7 day periods for comment. Last week, the Board also heard the hearing for Klamath County's first ever Strategic Investment Program application. He said he is very excited about this and the type of investment we are starting to see in our community. He appreciated the work County Counsel and KCEDA put in on it. He went to Gilchrist on Thursday and spoke to the folks at Interfor. He is hopeful they can work through their difficulties and continue to operate the Gilchrist Mill. Yesterday, he attended the Association of Oregon Counties meetings via phone.

Commissioner Morris - Ditto to what both Commissioners said in terms of what they've been working on. She said, the AOC meetings call is a new normal. She ran the AOC Health and Human Services two hour meeting yesterday via an online platform with 47 participants. We have had more coronavirus cases and she spoke extensively with Public Health about them. They believe the increase is due to good contract tracing. Fortunately, our cases have not been extremely severe. The increase is to be expected since we are doing extensive contract tracing and extensive testing.
