

Klamath County Public Health

Oregon update October 8, 2020

4 pages

Data current as of 10/08/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	36,116
Total deaths	594
Positive tests	34,300
Negative tests	688,262
Total tested	722,562

*For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases, [available here](#).

Total cases include cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and close contact with a laboratory confirmed case. Antibody test results are not included in our data.

Age group	Cases ¹	Percent	Ever hospitalized ⁴	Deaths ²
0 to 9	1693	5%	29	0
10 to 19	3826	11%	32	0
20 to 29	7865	22%	184	2
30 to 39	6411	18%	218	4
40 to 49	5831	16%	316	14
50 to 59	4570	13%	445	38
60 to 69	2850	8%	533	93
70 to 79	1735	5%	534	148
80 and over	1300	4%	433	295
Not available	35	0%	3	0
Total	36116	100%	2727	594

Sex	Cases ¹	Percent	Deaths ²	Percent
Female	18648	52%	260	44%
Male	17328	48%	334	56%
Non-binary	3	0%	0	0%
Not available	137	0%	0	0%
Total	36116	100%	594	100%

Hospitalized ⁴	Cases ¹	Percent
Yes	2727	8%
No	29564	82%
Not provided	3825	11%
Total	36116	100%

Hospital capacity and usage⁵	Available	Total staffed
Adult ICU beds	129	720
Adult non-ICU beds	549	4527
Pediatric NICU/PICU beds	122	395
Pediatric non-ICU beds	89	336
Ventilators	781	

COVID-19 details⁵	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	206	132
Current patients in ICU beds	43	37
Current patients on ventilators	16	15

Testing by Oregon State Public Health Laboratory	
Specimens received at OSPHL yesterday	142
Test results released by OSPHL yesterday	51
Specimens pending at OSPHL as of 8:00 p.m. yesterday	104
Total persons tested for COVID-19 at OSPHL since 2/28/2020	24,333
<i>Total persons tested at other laboratories</i>	698,229
<i>Total persons tested</i>	722,562

County	Cases ¹	Deaths ²	Negatives ³
Baker	106	2	1949

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

⁵As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on [social or physical distancing](#) are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on [OHA's COVID-19 News page](#).
