Re: General Fund Net Working Capital

This memo is intended to provide guidance to the Budget Committee and Board of Commissioners as to an adequate sustainable level of net working capital for Klamath County's General Fund.

Below is a graph (Exhibit 1) of the actual cash flow for the General Fund for the current fiscal year and the past 4 fiscal years.

Exhibit 1

As you will note the precipitous drop in the early part of the fiscal year, when it finally reaches a low point of approximately \$2.6 million in October and then reaches a high point of approximately \$3.4 million in November. As a reminder, November is the month of highest collection of property tax. This one month has a significant impact on the cash flow of the county. The county operates on this cash for the next year.

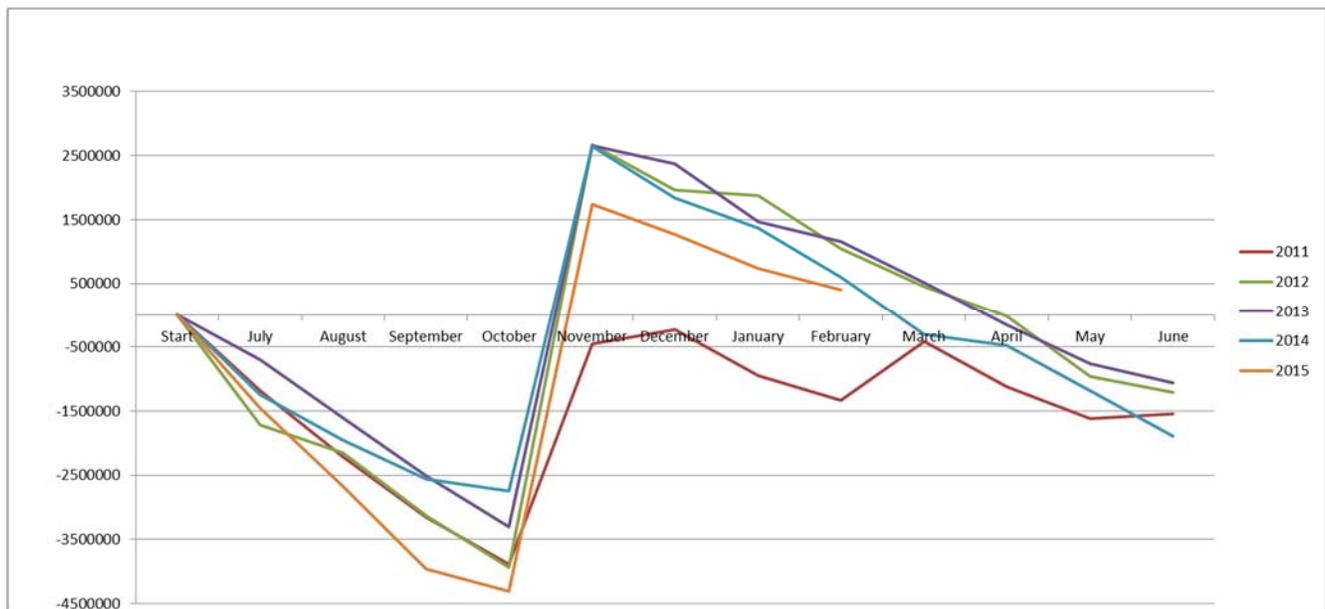

I am going to reference the 2012 year actual late in this memo. The purpose for that is this is the only year in the data set that presents a sustainable budget where cash for the fiscal year is close to zero or positive and there was no impact from the use of Road Funds.

For the base year you need to understand the major federal revenue sources and their timing. In 2012, Payment In Lieu of Taxes (PILT) was received in June for \$0.7 million and O&C Land was received in November for \$1.7 million.

My concern for the General Fund is that the current spend rate is higher than can be supported on an ongoing basis without additional financial resources. Several factors to this spend ratio are that the information above presents the cash flows with the transfers from the Road Fund, PILT and O&C Lands. The graph below (Exhibit 2) removes the receipt of Road Funds (\$2 million in 2013, \$1.7 million in 2014 and \$1.7 million in 2015), PILT (\$0.8 million in 2010, 2011, 2012, 2013 and 2014) and factors a reduction in O&C down to \$0.4 million (actual receipts were \$1.9 million in 2010, \$1.7 million in 2011, \$1.0 million in 2012, \$0.9 million in 2013, and \$0.9 million in 2014), but does not remove operating expenditures. The explanation for the changes are as follows:

1. Road Funds – legislation allowing the use expires in January 2016 and therefore not sustainable going forward.
2. PILT – although federal law requires this to be paid, it does not specify the underlying method to determine the amount, so congress negotiates this amount in its budgetary actions. Making assumptions regarding the receipt of funds that are not budgeted at the federal level is not a prudent management practice.
3. O&C Lands – Funding for this distribution in the short-term past has been based on Secure Rural Schools legislation. The underlying legislation would base the distribution on a rolling average of actual timber sale revenue. We received the payment based on the actual timber sale revenue in March of 2015 and it was approximately \$0.4 million. I used an average of \$0.4 million for demonstration purposes to allow for consistency in the chart.

Exhibit 2

The above chart presents the worst case historical scenario to estimate for the 2016 and 2017 fiscal years, as I feel it is better to be conservative than to try to predict the future regarding federal legislation.

To estimate the amount of net working capital needed to be retained by the General Fund at the end of 2016 (beginning working capital for 2017) I am basing my estimate on the following assumptions (which could be significantly different than actuals):

1. Cash flow for the remainder of the 2015 fiscal year will follow the historical actual trend of Exhibit 2 with a negative spend rate of \$2.3 million for the next four months.
2. The average low point for the last 5 years based on the information in Exhibit 2 has been \$3.6 million.
3. Based on the information in Exhibit 2 the current cash position is at approximately \$0.5 million.

Therefore a net working capital requirement of \$5.4 million ($\$2.3 \text{ million} + \$3.6 \text{ million} - \0.5 million) would be needed for a sustainable level in the General Fund given the current spending rate.

We know that the current spending rate cannot be sustained as it utilizes \$1.7 million in Road Funds and the receipt of PILT and O&C Lands that are dependent upon federal legislation. Moving the General Fund to a level that is not based on these receipts suggests we go back to evaluate the 2012 year. Looking at that year, a low point of \$3.9 million was presented in the actual with an almost zero change in cash. When we modify that year's cash flow for PILT and O&C Lands as discussed above with the low point still at \$3.9 million but the reduction for PILT and O&C Land adds another \$1.3 million for a total working capital need of \$5.2 million.

Assuming that the Board of Commissioners desires to move to a sustainable level in the General Fund, that does not use Road Funds and is not reliant on PILT and O&C Lands beyond the legislatively required payments that are not subject to authorization each year, **a sustainable level of working capital for the General Fund is approximately \$3.6 million to \$3.9 million.** This is based on the assumption that cash flow will likely mirror the average low point for the past 5 years but would not be greater than the 2012 low.

I wish to caution the committee this is only an estimate and the perfect net working capital number is a constantly moving target based primarily on staffing levels within the General Fund. As personnel levels increase or decrease this number will change.

The proposed 2016 budget contemplates reducing net working capital in the General Fund from \$4.0 million to \$1.6 million. This is \$2 million less than the minimum estimate provided earlier in this memo. Assuming PILT (\$0.8 million) and the increment on O&C Lands from Secure Rural Schools (\$0.5 million) are received, the net working capital would increase to \$2.9 million, which is still \$0.7 million less than the minimum recommended level.

Future payments of PILT and the increment from Secure Rural Schools on O&C Lands could be utilized as the Board of Commissioners desires if legislation is renewed or funding is provided in the federal budget. **I would caution against using this funding for personnel costs until the funding amount is secured on a long-term basis by the federal government.**

In the 2016 proposed budget the following revenue items impact the sustainability of the budget: \$2.4 million networking capital reduction, \$0.8 million in Road Fund transfer and \$0.5 million for operating the C-Pod. Combined this represents \$3.7 million. In addition the Sheriff has identified an additional \$0.6 million in revenue that is contingent upon maintaining certain staffing levels. Departments are likely not funded to maintain current staffing levels which will further add to this short fall.

It is important for the sustainability of services to live within our available resources on a consistent basis and utilize grant funds only where appropriate and effectively communicate with our stakeholders (users, citizens, partner agencies) when services are being provided on a contingency basis. If those services are determined to be needed on a permanent basis, long-term funding arrangements should be obtained that adequately provide for the cost of the service.

A Message From Representative Walden

U.S. REPRESENTATIVE
GREG WALDEN
 REPRESENTING THE SECOND DISTRICT OF OREGON

[ABOUT GREG](#)[ISSUES](#)[CONTACT](#)[NEWS](#)[LEGISLATION](#)

Dear Friend,

Good news out of the Nation's Capital today—I have secured a two year extension of the Secure Rural Schools program for local schools, roads, and law enforcement in Oregon's rural forested communities. The extension has been included in a bipartisan agreement to reform how doctors are paid under Medicare, which the House is set to vote on this week.

Last December, Speaker Boehner and I committed to extending this lifeline for rural Oregon communities by March 31. Today, we fulfill that commitment. My Oregon colleague Peter DeFazio deserves credit too for working with his leadership to support including this provision. This two year extension gives us time to continue work on a long-term plan to reform federal forest policy to grow jobs in the woods, improve forest health, and provide certainty for essential local services like schools and roads.

[Click here or on the image above to watch my video message](#)

The extension will provide funding to 33 cash-strapped Oregon counties. It is broadly supported by local teachers, sheriffs, first responders, and county commissioners. If the county timber payments were not extended, the consequences would be dire. School districts like Grant County School District 3 would be forced to choose between laying off 10 percent of their teachers, eliminating 10 days of instruction, or deferring maintenance for an entire year on their 90-year-old school facilities.

According to the Josephine County Sheriff's Office, they would be forced to eliminate their remaining patrol deputies and 911 dispatchers by July without this funding. The Department faces worse patrol shortages than nearly two years ago when a 911

dispatcher asked a woman if she could just ask a man assaulting her to go away because there were no deputies to send on weekends.

House consideration of this bipartisan agreement is expected this week. The bill would then go to the Senate for a vote.

During the last session of Congress, the House twice passed a bipartisan plan to reform federal forest policy. [In September 2013, the U.S. House passed a historic forestry reform bill, the Restoring Healthy Forests for Healthy Communities Act \(H.R. 1526\)](#), which included a section I wrote with Representatives DeFazio and Schrader to better manage Oregon's unique O&C lands. The bill reforms federal forest policy to create jobs in the woods, improve forest health, reduce the risk of catastrophic wildfire, and generate revenue for local communities to provide essential local services like schools and law enforcement. [In September 2014, due to inaction in the Senate, the House passed this bill for a second time.](#) Unfortunately, Senate Democratic leaders never took any meaningful action to reform federal forest policy.

I pledge to continue working hard on a long-term solution to actively manage our forests to grow jobs and revenue. It's an honor to represent you in the U.S. Congress.

Best regards,

Greg Walden

15 (a) PAYMENTS FOR FISCAL YEARS 2014 AND
16 2015.—

17 (1) PAYMENTS REQUIRED.—Section 101 of the
18 Secure Rural Schools and Community Self-Deter-
19 mination Act of 2000 (16 U.S.C. 7111) is amended
20 by striking “2013” both places it appears and in-
21 serting “2015”.

22 (2) PROMPT PAYMENT.—Payments for fiscal
23 year 2014 under title I of the Secure Rural Schools
24 and Community Self-Determination Act of 2000 (16
25 U.S.C. 7111 et seq.), as amended by this section,

1 shall be made not later than 45 days after the date
2 of the enactment of this Act.

3 (3) REDUCTION IN FISCAL YEAR 2014 PAY-
4 MENTS ON ACCOUNT OF PREVIOUS 25- AND 50-PER-
5 CENT PAYMENTS.—Section 101 of the Secure Rural
6 Schools and Community Self-Determination Act of
7 2000 (16 U.S.C. 7111) is amended by adding at the
8 end the following new subsection:

9 “(c) SPECIAL RULE FOR FISCAL YEAR 2014 PAY-
10 MENTS.—

11 “(1) STATE PAYMENT.—If an eligible county in
12 a State that will receive a share of the State pay-
13 ment for fiscal year 2014 has already received, or
14 will receive, a share of the 25-percent payment for
15 fiscal year 2014 distributed to the State before the
16 date of the enactment of this subsection, the amount
17 of the State payment shall be reduced by the
18 amount of that eligible county’s share of the 25-per-
19 cent payment.

20 “(2) COUNTY PAYMENT.—If an eligible county
21 that will receive a county payment for fiscal year
22 2014 has already received a 50-percent payment for
23 that fiscal year, the amount of the county payment
24 shall be reduced by the amount of the 50-percent
25 payment.”.

Subject: PILT

I was not aware that some legislation for the 2015 PILT payment had been signed until late last week. Below is summary of the information I was able to locate. The DOI website is NOT up to date with this, so it was difficult to piece it together. The most complete analysis I was able to find is indicated below.

PILT

<https://fas.org/sgp/crs/misc/RL31392.pdf>

PILT Legislation: FY2015

If the FY2015 payment follows the tradition of the last several years, it will be paid in June 2015. By statute, it must be paid before the fiscal year ends on September 30, 2015.¹⁸ The House amended H.R. 3979 to include the National Defense Authorization Act (NDAA). The amendment included a provision (Section 3096) for \$70 million in mandatory spending for PILT. Of this amount, \$33 million would be made available in FY2015; the remaining \$37 million would be made available after the start of FY2016 on October 1, 2015. In addition, a draft of the FY2015 of the Consolidated and Further Continuing Appropriations Act, 2015 (see Rules Committee Print 113-59) would provide \$372 million in discretionary spending. Together, the two provisions would provide \$405 million, an amount which would have been sufficient for 92.7% in FY2014; with PILT's required correction for inflation, it would be a somewhat lower fraction of full funding for FY2015.¹⁹ It is unclear whether the additional \$37 million made available after October 1, 2015, by the NDAA would be issued to counties as a supplemental check in October, or whether it would form part of the FY2016 payment that will be issued in 2016.

National Totals

Information from all 2,287 counties with eligible land in FY2014 was needed before an aggregate figure for the nation could be calculated precisely for that year. Because of the need for annual data, no precise dollar figure can be given in advance for each year's PILT authorization level.³¹ However, because the amount for full authorization for FY2014 has been calculated, and because major changes in the factors stated above are not likely to decrease the payments at the national level, the full authorization level for FY2015 seems likely to be similar to the amount for the full authorization in FY2014 (\$436.9 million), even though individual counties' payments may vary.

¹⁸ While a provision for full funding of PILT was included in H.R. 5171 as passed by the House Committee on Appropriations, this discretionary spending was not enacted.

¹⁹ FY2014 full funding was \$436.9 million, and if (a) inflation is the major factor raising each year's annual total, and (b) inflation is about 2%, then the FY2015 full funding level would be about \$446 million, or about \$41 million more than the two bills provide. Based on these assumptions, the two bills would provide about 91% of full funding for the payment expected in June 2015.

³¹ DOI does not include estimated full payment levels in its annual budget justification to Congress, and confines itself to the Administration's request for the year. However, DOI's annual report of current year PILT payments to counties includes this information.

Grant Application Resolution

_____ County is applying to the Department of Revenue in order to participate in the Assessment and Taxation grant.

This state grant provides funding for counties to help them come into compliance or remain in compliance with ORS 308.232, 308.234, Chapters 309, 310, 311, 312, and other laws requiring equity and uniformity in the system of property taxation.

_____ County has undertaken a self-assessment of its compliance with the laws and rules that govern the Oregon property tax system. County is generally in compliance with ORS 308.232, 308.234, Chapters 309, 310, 311, 312, and other laws requiring equity and uniformity in the system of property taxation.

_____ County agrees to appropriate the budgeted dollars based on 100 percent of the expenditures certified in the grant application in the amount of _____, the total expenditure amount for consideration in the grant. If 100 percent is not appropriated, no grant shall be made to the county for the quarter in which the county is out of compliance.

County designates:

_____	_____	_____
Name	Telephone	E-mail Address

RACIAL AND ETHNIC IMPACT STATEMENT

This form is used for informational purposes only and must be included with the grant application.

Chapter 600 of the 2013 Oregon Laws require applicants to include with each grant application a racial and ethnic impact statement. The statement provides information as to the disproportionate or unique impact the proposed policies or programs may have on minority persons¹ in the State of Oregon if the grant is awarded to a corporation or other legal entity other than natural persons.

1. The proposed grant project policies or programs could have a disproportionate or unique positive impact on the following minority persons:

Indicate all that apply:

_____ Women
_____ Persons with Disabilities
_____ African-Americans
_____ Hispanics
_____ Asians or Pacific Islanders
_____ American Indians
_____ Alaskan Natives

2. The proposed grant project policies or programs could have a disproportionate or unique negative impact on the following minority persons:

Indicate all that apply:

_____ Women
_____ Persons with Disabilities
_____ African-Americans
_____ Hispanics
_____ Asians or Pacific Islanders
_____ American Indians
_____ Alaskan Natives

3. The proposed grant project policies or programs will have no disproportionate or unique impact on minority persons.

If you checked numbers 1 or 2 above, on a separate sheet of paper, provide the rationale for the existence of policies or programs having a disproportionate or unique impact on minority persons in this state. Further provide evidence of consultation with representative(s) of the affected minority persons.

I HEREBY CERTIFY on this _____ day of _____, 20____, the information contained on this form and any attachment is complete and accurate to the best of my knowledge.
