

Animal Control

Significant Changes 2017-2018

- **With the 2017 contract with the Klamath Animal Shelter the fees will go up to \$60,000.00. Our new license program with Rescue Connection is still in the process of data transfer, and document creation.**
- **Bringing on a Part time officer to work the License compliance program, and assist as needed, with the volume of calls we receive.**
- **Our rental contract expires in June 2017. Looking to the future, to have a county owned facility, to house our office and our own shelter to house impounds and legal hold dogs.**
