¹ This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are those without a positive diagnostic test who present COVID-19-like symptoms and had close contact with a confirmed case. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

² For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

³ This includes cases who test negative and are not epi-linked to a confirmed case.

⁴ Negative test results are pending due to a technical issue with the test reporting database.
